

The Ronsisvalle *Heritage*

Dear Visionaries and Changemakers,

Welcome to **The Ronsisvalle Heritage**, a unique social and charitable entity based in the UK. We stand at the intersection of purpose and legacy, drawing on the rich history of the Ronsisvalle family and their circle of friends to drive meaningful change. Our mission is clear: to invest in global education, life sciences, and philanthropy, with a focus on empowering children and young people in need.

This journey is deeply personal to us. My father, who faced the loss of his sight due to cancer and severe diabetes, left me with a profound understanding of the importance of vision—not just in the literal sense, but in the power of envisioning a better future. This experience drives our commitment to ensuring that others, especially the vulnerable, are given the opportunity to see, to grow, and to succeed.

At **The Ronsisvalle Heritage**, we believe that education is the cornerstone of progress, that advancements in life sciences can shape the future, and that charity—rooted in action—can transform lives. Our work is dedicated to making a lasting impact, particularly for children and young people whose potential has yet to be fully realized.

But this mission is not one we can undertake alone. We invite you to join us in this transformative journey. Whether as a partner, supporter, or advocate, your contributions—be they ideas, time, or resources—are invaluable to our collective success. This is a community where action meets values, where vision turns into reality, and where every effort counts.

Together, we can create a legacy of hope, progress, and opportunity. Together, we can change lives—not just for today, but for generations to come.

Welcome to **The Ronsisvalle Heritage**.
Let's make a lasting difference, side by side.

With deep gratitude, **Umberto Ronsisvalle** *on the day of my 55 birthday*
